

TAUERN SPA Zell am See – Kaprun
Recuperation and adventure at a glance.

The TAUERN SPA Zell am See – Kaprun is situated in one of the most beautiful regions of Austria, surrounded by the impressive Kitzsteinhorn and the idyllic Lake Zell. With its exclusive hotel and its versatile SPA Water & Sauna World, the 4*S resort is a paradise within paradise.

360° Alpine mountain panorama

The imposing architecture of the TAUERN SPA is visible from far and wide and is situated in the picturesque landscape at the foot of the Kitzsteinhorn mountain in the Hohe Tauern National Park. The architecture, with its water areas, sunbathing lawns and sauna complex, fits well with the surrounding scenery. Large windows and modern glass façades blur the boundaries between humans and the outside world and provide views of a unique panorama of meadows, forests, glaciers and mountains. The individual resort buildings are grouped to form a larger whole, which blends harmoniously into the surrounding nature.

The revitalising power of nature

The TAUERN SPA Zell am See – Kaprun is part of VAMED Vitality World, Austria's leading specialist for spa and health resorts. The varied range of wellness and adventure activities invites you to regenerate and activate; nature is the elementary source of strength. The exclusive 4*S resort with its spectacular glass skylinepool in the hotel panorama SPA and the hotel SPA Gletscherblick for hotel guests and the over 20.000m² SPA Water & Sauna World serves as an ideal base camp for both recreational and adventure expeditions. The credo is: You can do absolutely anything, or as little as you like.

Mountains, lake and glacier – even the region's scenery is multi-faceted. Mountain enthusiasts will find plenty to enjoy in the Hohe Tauern National Park, the Pinzgauer Grasberge, on the slopes of the Schmittenhöhe and in the first-class ski areas such as Kitzsteinhorn and Maiskogel. Lake Zell, flanked by mountains, has a wealth of destinations that are well worth exploring for water sports enthusiasts, hikers and nature lovers. And golfers find everything their heart desires in the 36 greens, the two championship courses at the Zell am See–Kaprun – Saalbach Golf Club – which offers preferential rates for hotel guests.

Turning dreams (and rooms) into reality

The modern nature & garden rooms mainly use natural materials such as swiss stone pine, sandstone, leather and wool to create a unique and cosy atmosphere of wellbeing, and the deepest alpine comfort. High-quality sleeping systems, a healthness bath as well as the most modern technical equipment belong to the complete equipment of every room.

Some of the rooms can also be combined with each other and thus provide a lot of options for families or groups of friends. Up to eight units can be combined, thus providing more space. Inviting garden rooms with views of the idyllic surroundings create a feeling of spaciousness and a harmonious connection with the nature.

SPA with a view

Experience unique views of the Kitzsteinhorn and the captivating Hohe Tauern mountains in both exclusive hotel panorama SPA areas. The iconic glass skylinepool is joined by an impressive glass panorama pool in the Hotel SPA Gletscherblick, which also welcomes children. There is an attractive range of services for families, with lots of relaxation options such as cosy corners and comfy family loungers. Other highlights are the Gletscherblick sauna, the frozen mist walkthrough and the infusion & adventure sauna Bergkristall in the outdoor area.

Relax with all senses

In addition to the SPA water world, the vitalizing SPA sauna world offers a varied program in different saunas and steam baths. Here you can enjoy guided infusions and choose between the panorama saunas with fantastic mountain views, the alpine herb sauna, the alpine meadow bio sauna or the steam bath and the spacious infusion & adventure sauna Bergkristall in the outdoor area.

SPA fun for children

Indoor and outdoor fun in the water for younger guests. The Kidstein children's SPA has the 127-meter "Schlinge-Schlange" tube slide, the 10-meter water slide and streams for our younger visitors to enjoy. When they've had enough of the water, they can head off snuggle up in the "Bärenhöhle" or let off steam in the children's playground, building sandcastles or scaling the three-dimensional climbing frame in the "Bergfex" activity room.

A culinary experience

Guests of the TAUERN SPA can indulge in culinary delights, made by the chef and his team, all day long in one of the 5 restaurants and bars. The hotel restaurant Lichtblick offers plenty of space with its light-filled winter garden. In the front and show cooking area, guests can learn useful tips and tricks about the cookery skills of the culinary experts. For the preparation of the gourmet experiences regional products from local partners are used. In the exclusive FinESSEN restaurant area, awarded by Gault&Millau with 2 toques and 14,5/20 points, Executive Chef Christof Schernthaler takes connoisseurs, culinary explorers and gourmets on a culinary journey through Salzburg.

Base Camp meeting point

The comfy indoor fireplace in the lobby is a communication and information meeting point. Just like an expedition base camp, the indoor fireplace is the starting point for sports and leisure activities. Guests can receive recommendations for leisure activities, professional advice on planning routes and booking trips.

In the expedition shop with rental & service station, guests can test, rent and buy all necessary equipment. Group events such as readings and workshops are held by the fireplace and guests can wind down in the evening by a warming fire in the cosy, romantic and chilly retreat lounge.

Camps for sports fans

At the TAUERN SPA, sports is an important part in addition to relaxation and regeneration. The nearby mountains, the lake and the surrounding landscape are made for sports of all kinds and make the 4*S resort the perfect base camp for an unforgettable activity vacation.

From beginners to advanced, road cyclists to triathletes, returners and new adventurers - there is something for everyone. In the training camps, guests experience dynamic activities in the unique nature of the Zell am See - Kaprun region and can participate in various training Camps and get motivated to achieve peak athletic results.
